

AP Physics 2 things to do (things on your plate) as of Wednesday, September 9, 2020

Cohort A:

Today (Wednesday)

- 1) Watch your classmates Flip videos and comment on at least three of them in the Google Stream
- 2) Work on the ExpertTA assignment – I've posted a tutorial. **It is due Tuesday, 9/15 at 4:59 AM but get it done today!**
- 3) Complete the Ch. 20 Conceptual Questions (handed out in class) **by the start of class on Tuesday, 9/15.**

To do on Thursday

- 1) Watch my lecture on Ch. 20 as I go through my lecture notes and sample problems. This will give you an idea of the details you need and the most important parts!
- 2) Complete the Physics Classroom Interactives (1) Name That Charge and (2) Aluminum Pan Polarization. Submit a screenshot of #1 and answer questions in the Google Doc for #2. **Submit these by Monday, 9/14 at 11:59 PM**

To do on Friday

- 1) Complete Part A of the PhET simulations for electric 'Charges and Fields for Monday.

Cohort B:

Today (Wednesday)

- 1) Watch your classmates Flip videos and comment on at least three of them in the Google Stream
- 2) Work on the ExpertTA assignment – I've posted a tutorial. **It is due Tuesday, 9/15 at 4:59 AM but get it done today!**

To do on Thursday after class

- 1) If not done already, complete the Physics Classroom Interactives (1) Name That Charge and (2) Aluminum Pan Polarization. Submit a screenshot of #1 and answer questions in the Google Doc for #2. **Submit these by Monday, 9/14 at 11:59 PM**
- 2) Watch my lecture on Ch. 20 as I go through my lecture notes and sample problems. This will give you an idea of the details you need and the most important parts!

To do on Friday

- 2) Complete Part A of the PhET simulations for electric 'Charges and Fields' for Thursday.
- 3) Complete the Ch. 20 Conceptual Questions (handed out in class) **by the start of class on Thursday, 9/15.**
